

Pembroke Lodge

November

Pembroke Lodge residents & staff observed a minutes' silence on the 11th November at 11am to honor and remember all of the brave men and women who sacrificed so much so that we can enjoy the freedom that we have today. Lest we forget.

Our fantastic residents worked together making a lovely garland to remember the fallen.

October

Residents at Pembroke House got creative with Autumnal colours! Painting autumn leaves and creating collages with faux silk leaves. A lot of fun was had by all.

September

In September we had a visit from our regular singer and entertainer Tony. All the residents really enjoy his visits as he will play songs on request which the residents love. Tony has a large repertoire of songs spanning all sorts of genres, so there is always something for everyone. One or two residents even go up for a dance with staff.

August

At Pembroke Lodge we have a small courtyard type garden to the rear of the Home which has a lovely summer house that is used in the warmer months by our residents and their families. We are also very lucky to be only a few short steps away from a lovely, well maintained communal park in Colwyn Bay, which we use for outings as there is nothing better than a nice trip out looking at nature.

July

July at Pembroke Lodge was busy, as well as the usual fun and games, this month we celebrated National Chocolate Day on the 7th July. We had a tasting platter of chocolate in various form and textures. The different textures and flavours went down a treat! We also had a visit from a “creep” of tortoises. The residents at the Lodge really enjoyed meeting the tortoises and they were really interested in all the tortoise facts that were presented by their owners.

June

Pembroke Lodge received a live performance from "Gentle Sounds". Our residents were mesmerized by the gentle melodic music created by the steel pans. The duo were very popular with the staff and residents alike and we are hoping to invite them back in the near future.
